

Dear Dr. Jeff Horn,

Thank you so much for sending this video's about the holocaust. I learned a lot about what it was like to live through this time of the holocaust. Look at the video's Gisela Glasers Holocaust Memories "No Time to cry" and Interview with Martin Spetthi . It helped me understand more what it was like hiding from the German soldier . It also helped me understand how they had to live everyday. Hoping every breath wasn't there last. This helped my with my research because my class is doing a project of the holocaust. Another thank you for giving my class and I an opportunity to learn about different survivors that lived through the holocaust.

Sincerely,

Danielle

Dear Jeff Horn,

I very much enjoyed the video interviews of two survivors the most recent video being with Gisela Glasers. I have learned a lot about the Holocaust due to these two videos. I have learned that there were many bombings of Jewish homes. Nazis burned the Star of David to antagonize Jewish people. Jewish people also couldn't shop in Christian shops, which I've learned from the first videos. In the second video, I've learned concentration camp had watch towers, and barked wire fences. It was described as a Jewish cemetery. [sic] where people died.... Also, during the train to concentration camps, they would stop to pick grass from fields and eat it with water from the toilet. These videos made me feel sad for the people who endured the tragic period of time. I am also glad that there are few people who have survived this.

Sincerely,
Joel

Dear Dr. Jeff Horn,

I would like to thank you for letting our class watch the two videos about the Holocaust survivors. The videos expanded my knowledge on the Holocaust and I enjoyed them. These two videos were a good source because the stories were true and told me what it was like to be in the Holocaust. I look forward to more videos in the future. The Holocaust was a very terrible time but it is necessary for this generation to learn everything whether good or bad. Again thank you for sharing your knowledge with my class.

Sincerely,

Deanna

Dear Dr. Jeff Horn:

The DVD presentation you made on Holocaust survivors was excellent. I learned a great deal and plan to use this information to help me in my research of the Holocaust. The material you presented will be most helpful, and I look forward to sharing it with several friends who were unable to watch it.

There is a definite need among citizens to become better informed on this topic. Your seminar provided an excellent forum for us to ask questions and voice opinions.

Thank you again for such an informative presentation.

Sincerely,

Daniel

Dear Dr. Jeff Horn/Holocaust Research Center:

I'm writing this letter to thank you for sending the Holocaust video for our class to view. The video had a big impact on the entire class. It showed how one person's actions led to pain and suffering for millions of people. It's horrible for a person to have such hatred in their hearts. The video gave me a better understanding of the Holocaust. Thank you for the video.

Sincerely,

Dear Dr. Jeff Horn;

I would like to thank you for the video you have sent to my class about Gisela Glasers & Marcus Spett. They have really taught me a lot of valuable and understanding information regarding the Holocaust. This has taught me to be thankful of a country that I live where I am free to be whatever I would like and live my life with joy. I feel as though the world should know the truth about Adolf Hitler and what he did. The more people who know, they will understand the suffering and prevent history from repeating itself.

Sincerely,

Chelsea

Maria
